

How to identify SLTPL6000 versus SLTPLUNT No-Slack® Top Plates

No-Slack® is designed to mount using two different bearing sizes. You can identify NT vs 6000/7000/7000CC/H7 by measuring the bearing pocket dimensions.

No-Slack® 6000/7000/7000CC/H7

No-Slack® NT

The now obsolete SLTPL3000 top plate is replaced by the No-Slack® NT (SLTPLUNT). The SLTPL6000 and SLTPL7000 are not replacements for SLTPL3000.

Compatible mounts for No-Slack® NT and 3000 Series

Top Plate Mount	Top Plate
LWO	NT, 3000
ASB	NT, 3000
APB	NT, 3000
SMB	NT, 3000
